15. Supplementary Notes

This publication contains records for municipal wastewater treatment works projects

16. Abstracts

This publication contains records for municipal wastewater treatment works projects assigned priority by the States and planned for funding by the Environmental Protection Agency (EPA) through September 1978, under the authority of Title II of the Federal Water Pollution Control Act, as amended; Public Law 92-500; 33 U.S.C., 1281(g)(1). Data is sorted first by Region then by State and status. Project Records are then listed in ascending order of the grant number. Each entry includes: grant number, step, applicant name, date application is expected/received in EPA Regional Office, project status, date project is awarded EPA funds/completed, amount requested from/awarded by EPA, and the priority rank assigned by the State.

INTRODUCTION

This publication contains records for municipal wastewater treatment works (WWT) projects assigned priority by the States and planned for funding by the Environmental Protection Agency (EPA) through September 30, 1978, under the authority of Title II of the Federal Water Pollution Control Act, as amended; Public Law 92-500; 33 U.S.C., 1281(g) (1).

The data is sorted first by region, then by State and project status. Project records are then listed in ascending order of the grant number. Each entry includes the following information:

GRANT IDENTIFICATION NUMBER: A control number assigned to identify each prospective project, application and awarded grant. The full grant identification number is composed of 4 data elements: program code, serial number, sequence number, and amendment designator. First 2 digits identify the State, the next 4 digits identify the need and/or grant objective; following the first dash is the sequence project; following the second dash is the amendment designator which identifies the number of administrative augmentations or revisions executed on a given project.

PROJECT STEP CODE: A code identifying the specific type of project undertaken as part of a Construction Grant for Wastewater Treatment Works under P.L. 92-500:

"1" - Project for facilities plans and studies.

"2" - Project for preparation of construction drawings and specifications.

"3" - Project for building and erection of a treatment works.

"4" - Project for a combination of design (Step 2) and construction (Step 3) of a treatment works.

"9" - Project for design and construction of a treatment works facility for training operations and maintenance personnel.

APPLICANT NAME: The legal name of the applicant.

APPLICATION RECEIVED DATE: The date an application is received in an EPA regional office.

STATUS:

Project list - on a State approved project priority list.

Application - an unfunded application currently being reviewed by an EPA regional office.

Active - an active, funded project which is not yet complete.

Returned - an unfunded application returned to the applicant for revision.

Completed - a completed project.

ACTION DATE: The date of award or completion (dependent on "status").

EPA AWARD/AMOUNT REQUEST: The actual amount of EPA dollars awarded to the applicant, or the estimate of total EPA funds requested to carry out the proposed project.

PRIORITY RANK: The priority assigned by a State to a proposed project appearing on the State Project Priority List.

Project Priority Lists were not available for inclusion in this publication for Colorado, the District of Columbia, and Utah. Information on projects within these States may be obtained by contacting the appropriate State Water Pollution Control Agencies.

Colorado - Water Quality Control Division
Department of Health
4210 East 11th Avenue
Denver, Colorado 80220

Department of Environmental Services
Environmental Health Administration
614 H Street NW
Washington, D.C. 20001
(202) 629-2538

Utah - Water Quality Section
Bureau of Environmental Health
44 Medical Drive
Salt Lake City, Utah 84113
(801) 328-6146

The data contained in this publication should be used in conjunction with that presented in "Monthly Awards for Construction Grants for Wastewater Treatment Works", since the making of an award to a project contained on this list is reflected in the subsequent monthly issues of that publication. Both publications are prepared by the Grants Administration Division from information extracted from EPA's Grants Information and Control System (GICS), and distributed and sold as a single subscription item by the National Technical Information Service for $120 per year. All inquiries on the purchasing or distribution of this material should be directed to:
